'Dune' modular sofa from Poliform. Kartell 'Masters' outdoor dining chairs from Space. For stockists see Address Book.

DESIGNERS VINCE SQUILLACE, MABEL CHOW AND GABY CARA "The kitchen caters for a family involved in the hospitality industry who enjoy entertaining at home. The clients had opted for Poliform, however Squillace needed to highly customise their standard kitchen design to adapt to the existing site conditions, including a custom table to the kitchen island." *What luxury items did you choose for this kitchen regardless of budget?* "The Wolf fridge/freezer and LaCanche freestanding oven and cooktop. The clients are in the hospitality industry so they love to cook and this is perfect for them. The stone splashback adds another element of texture to the restrained palette."
